

FABRE MINERALS

June 3 - June 5

**MINERALEXPO
Sants**

June 23 - June 26

Mineral Shows again!

During the Covid period we turned more to our online sales but, although less intense than in the past, we have not forgotten the Shows, like MineralExpo Barcelona-Sants (June 3-4-5) or Sainte Marie (week of June 20 to 26). Anyway, although our business is currently very internet-oriented, in Barcelona-Sants we will exhibit in the usual way. But in Sainte Marie we will do it in a different way. We will be in a location that is like a single room (the 'Sauna' in the 'Piscine' space) and there we will have good (and very good) specimens, but without the traditional presentation in showcases.

If you want to come and see us, you can do so whenever it suits you during the Show, but only before Saturday 25, because that's the day we will be going back to Barcelona.

We are aware that this way of exhibiting in Sainte Marie is a bit strange, but we thought it was better to do it that way than to stop exhibiting completely

Long live the Mineral Shows!

Jordi Fabre

Azurite - Toussit, MOROCCO

5.3 x 2.7 cm

Pyromorphite - Des Farges Mine, FRANCE

8.6 x 5.6 cm

Silver - Jizishan deposit, CHINA

crystal: 9 x 3.2 cm

Erythrite - Bou Azzer Mine, MOROCCO

10.1 x 6.2 cm

Sulphur - Vodinskoe deposit, RUSSIA

8 x 4.8 cm
