

FABRE MINERALS

MINERALIENTAGE MÜNCHEN

30 October - 1 November 2015

Plumbogummite - Yangshuo, CHINA 5.6 x 4 x 2.7 cm

Barcelona 10/08/2015

So what you will find in our booth, if from the vast ocean of Munich dealers you decide to visit us this year at our stand A6.431?

- Part of the former collection of Russian minerals created by Desmond Sacco
- Several old classics from Spain, as well as a small group of superb new Fluorites from the Llamas Quarry
- More European specimens from the Stoppani collection
- A few good, small Volborthites from Milpillas Mine, Mexico
- Unusual Iranian specimens, like Cerussites coated by colored Mimetite
- A wide choice of Chinese minerals with several major specimens of Plumbogummite on Pyromorphite
- Our regular supply of high quality specimens from Morocco and Panasqueira
- A large worldwide selection

And...one shocking European surprise. Let us surprise you! 😊

See you soon in [Munich](#) or on line through our chronicles after the show at: www.mineral-forum.com

Mineralogical Greetings

Jordi Fabre
