

FABRE MINERALS

MUNICH 2020 (VIRTUAL)

Kämmererite - Kop Krom, Turkey crystal: 0.9 x 0.4 cm

Barcelona, 10/11/2020

Many looked at and many also participated in the first **Sainte-Marie-aux-Mines Virtual Show**

We continue to believe that there is nothing that quite matches physically attending a Mineral Show and we recommend to anyone who is able to attend the next Munich Show 2020 to do so, but due to the current circumstances we will neither exhibit nor be there this year, and so we will again do our own online Show, a Virtual Munich in which for a week we will try, as we would have done in Munich, to 'expose' our best pieces and the new discoveries that we would have brought there.

Galena and Sphalerite - Zeldija Mine, Morocco 5.1 x 3.7 cm

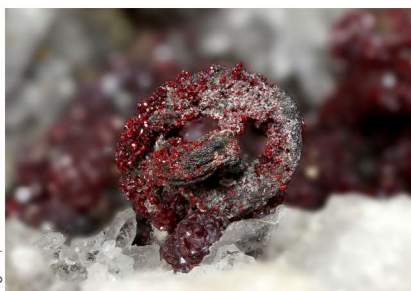

There will be 'The Vault', there will be 'The Core of the Munich Virtual' and there will be an opening of our exhibition on Monday, October 19 at 16:00 hours (Central European Time) with more than 100 pieces fresh out of their boxes and ready to be sold!

Like a Show but different from what we always knew

Jordi Fabre

Non-stop Munich Virtual, from Monday October 19 at 4:00 p.m. (Central European Time) to Sunday night 25

Proustite on Silver - Imiter, Morocco crystal: 1.2 x 1.1 cm
