

FABRE MINERALS

Barcelona 01/05/2017

2017 seems to be a year promising major changes and improvements concerning the Tucson Show. As I already announced last year, we will not exhibit anymore there although I will be everywhere more than ever, so I'm sure that if you attend the show you will see me either walking and buying in the TCC & other satellite hotels, in the Westward Look and finally in the Main Show until Sunday 12th when I will fly back to Barcelona to prepare more and more updates with the treasures I was able to purchase during my stay at the world's major Show: Tucson.

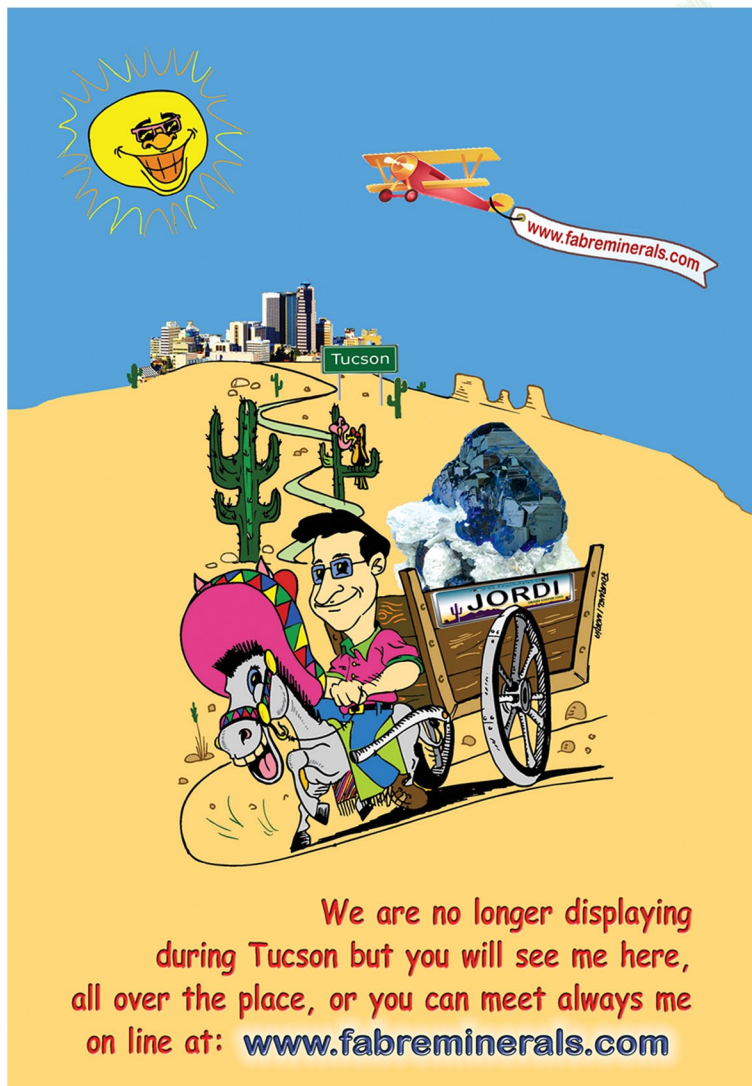

Things change and after so many years of offering our merchandise in Tucson it is time to close the door of my selling room and open new doors to different ways to offer our minerals.

BTW if you want to be on our customers list in order to receive in advance the announcements of our new updates please send me an email to: mineral@fabreminerals.com and/or visit www.fabreminerals.com

You can also visit the FMF Forum to read my and other peoples adventures during the Tucson Show in this thread:

www.mineral-forum.com/message-board/viewtopic.php?t=5036

partially issued also in www.facebook.com/fabreminerals

We are no longer displaying during Tucson but you will see me here, all over the place, or you can meet always me on line at: www.fabreminerals.com

See you in Tucson or on line.

Changes mean new chances, new possibilities... 😊

Jordi Fabre
